

Sherry Wynne Nwosu's Biography

Sherry is a praise warrior and worship leader. Currently, she leads worship at Voices of Faith Ministries in Stone Mountain, Georgia. She has been singing the gospel since the age of 6 years old. Sherry recalls the times way back when her mother would drive her around to different churches to sing.

During her college days, Sherry served as the President of the Pentecost Campus Ministry for over 3 years and established the start of a praise team that later became the opening act for the Troy University Gospel Choir.

Sherry also was known as the singing waitress at Barnhill's Buffet. Many visitors would come to the restaurant to request and hear her sing 'the Whitney's version' of Happy Birthday, and this led to other opportunities to share her gift with the world.

Sherry knows the calling over her life and leading people to God through worship; "Everyday" she strives to fulfill that calling.
